#### SUMMARY OF INFORMATION

The target personality is a male person of African descent. He is about 50 years old (90 years old) and normally "dressed like a judge." He fulfills a primary leadership roll and is involved in legislation based on wisdom. The people view him with hope as the keeper of peace.

He is the leader of an African country phonetically identified as "Maluba" (Malawi). ## SUMMARY OF INFORMATION

The target emphasizes the use of angles that reaches to the top. The target is a tower or a series of towers. (See conceptual sketches attached to this summary). Through the use of color codes, it was determined that the target object was built in about 1890. Attempts to name the object resulted in the phonetic indication of "Engels" (for Eiffel). Efforts to determine its location (Paris, France) were unsuccessful.
